

0-120 CHILDREN & FAMILY SERVICES

We welcome children and families to all our Shabbat services, but many come regularly to our Children and Family 0-120 all ages service, with live instrumental music, and creative activities that explore and expand the part of the Torah that we read that week.

Lasting for just over an hour, we use the usual siddur with special music to create a simplified but deep time for prayer and community.

Many adult members of our synagogue choose this Shabbat morning service, because they love the music and the interactivity.

These special services take place roughly monthly and on the Jewish festivals, see below for dates of upcoming services.
